

# Rental device repair instructions

**Your rental device is not working?** We aim to ensure that the rental device remains in good working condition throughout your rental period. In case of any issues, we are here to assist you and guide you through the repair process. Please follow the instructions below for any significant damage or issues with the rental device.

## 1. Choose a suitable repair centre

### 1.1. When you started your rental service at iStores then:

You can have your rental device serviced only at the iStores service centres. WESTech CZ s.r.o., registration number 02396718, (operator of the iStores trading network) is an official Apple service provider in Czech Republic.

You can find a list of iStores stores and authorised service centres on the website: <https://www.istores.cz/prodejny>. You can also bring your device to a store without service centre and iStores will itself send it for repair.

You can contact the service centre by phone or by e-mail. View all service centres and contacts [here](#). If more convenient, you can send your device for service by courier. In that case, you need to cover the courier cost.

### 1.2. When you started your rental service at iStyle then:

You can have your rental device serviced only at the iStyle service centres. iStyle CZ, s.r.o., registration number 27583368, is an official Apple service provider in Czech Republic.

## 2. Before bringing in the device

Before giving the device to repair centre/store employees, please remove all personal data from a device or create a separate user account for servicing work.

Prepare Apple ID password and disable the Find My iPhone/Find My Mac function. Find My iPhone function is available on all iPhones, iPhones, iMacs, Macbooks and Mac minis. Detailed guidelines can be found [here](#).

You also need to make a backup copy of the data on the device. Here you can find instructions on how to back up your [Mac](#) and [iPhone/iPad](#).

If you need help with any of these steps, the repair centre/store employees are there to assist you.

**When you hand over the device and there are additional questions on the ownership of the device, please inform the repair centre/store employee that you are using Inbank Rent and you do not have a purchase invoice. If this is required (for warranty works), please turn to Inbank Rent and we will send the purchase invoice directly to service centre.**

## 3. Assessment

When you give your device to repair centre/store employee, they will gather details about what happened. After that, repair centre/store will assess the extent of the damage and calculate the cost of repair. If you had chosen a rental package with Inbank Rent insurance then after

receiving the calculations you should turn to Inbank Rent and forward the cost estimate together with reasoning about what, when, where and how happened. Inbank Rent will then file an insurance claim on behalf of you and upon the decision, will notify you as well as the service centre whether the repair cost will be covered by the insurance company.

## 4. Insured events

An insured event is an unexpected and unforeseen event that occurred during the insurance period, including destruction, damage, theft, or robbery, as a result of which damage to the device occurs and which is not excluded in the [Device insurance leaflet of Inbank Rent s.r.o.](#)

Communication with the insurer is handled by Inbank Rent directly who will provide them with all necessary information and documentation.
